

Shravani Shivajirao Ghorpade

Kolhapur, Maharashtra | 9975516945 | shravanighorpade49@gmail.com

CAREER OBJECTIVE

3rd-year B.Tech Computer Science (Data Science) student seeking internship and entry-level opportunities in data science, analytics, and AI-driven industry solutions. Interested in applying Python, data analysis, machine learning fundamentals, and IoT-based systems to real-world problems such as digital twins, smart manufacturing, and intelligent decision support systems.

EDUCATION

B.Tech – Computer Science (Data Science)

D.Y. Patil College of Engineering and Technology, Kolhapur Shivaji University, Kolhapur | 3rd Year

TECHNICAL SKILLS

Python (Basics), Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization (Matplotlib, Streamlit), Machine Learning Fundamentals, MS Excel (Data Handling), IoT Fundamentals, Sensors & Automation Concepts, Application Development Basics, Technical Documentation

INTERNSHIP EXPERIENCE

App Development Intern (Diploma – 3rd Year)

- Worked on application workflow understanding and basic feature implementation
- Assisted in testing and debugging modules
- Gained exposure to real-world software development practices

PROJECTS

Smart Sand Reusability Predictor

- Data-driven system to analyze sand reuse cycles in foundry operations
- Considered parameters such as temperature, moisture, and usage frequency
- Aimed at defect reduction and quality improvement through analytics

Auto Data Visualization Platform

- Built using Python and Streamlit for automated visual analytics
- Converts raw datasets into interactive visual insights

Home Automation System

- IoT-based system for automated control of electrical appliances

SOFT SKILLS

Communication, Analytical Thinking, Team Collaboration, Quick Learner, Adaptability, Professional Attitude

AREAS OF INTEREST

Data Science & Analytics, AI in Industry, Digital Twin Concepts, Smart Manufacturing, Industry 4.0, Research Oriented Projects
